Transcriber's Office

February 7, 2000 LB 204, 701

The Game and Parks shall be responsible for building the fence, and if it's a division fence, Game and Parks shall be responsible for 100 percent maintenance, and if it's a border fence, Game and Parks shall construct the fence but not be responsible for any maintenance. And, of course, as the amendment was last Friday, has to be a request by the landowner for the fence. This does away with the railroad type mandate, not mandate, but requirement on the fence. So this, basically, is the committee amendments. The amendment that I think Senator Coordsen is going to be offering on Select File, basically, will say that Game and Parks is responsible for maintenance on both the division fence and border fence...but the landowner will be responsible for the maintenance but the Game and Parks will furnish the material. I'll get that straight. And I think that's the compromise that we had this morning. Senator Coordsen will be offering that. I'm in full support of that, so we'll bring that to you on Select File.
